Horn, for a farewell visit. Nice refreshments were served by the hostesses.

While working in his woodwork shop one day last week, Ed. Durose got his right hand caught in the planer and had it nearly severed at the wrist. Luckily his young son was there at the time and called help. Some of the machine had to be taken apart before Mr. Durose could be released. Neighbors took him by automobile to Newport where his hand was taken off and at present he is as comfortable as could be expected. It will be very hard for a man of Mr. Durose's age to accustom himself to the use of his left hand for everything. He surely has the sympathy of all who know him. He has always been very energetic and industrious.

Methodists Reducing Church Debt.

One year ago this month the First Methodist Episcopal church of Newport, put on a campaign to raise in pledges \$8500 to pay off the balance of the church debt, incurred when the church was rebuilt. At that time 126 pledges were received, practically covering the amount of debt. Those who made a pledge at that time were given three years to redeem the same.

The splendid result of this campaign and the great interest shown by the supporters of the church in paying the pledges is worthy of mention.

Forty-six of the 126 have paid their pledges in full, amounting to over \$4000 with nearly \$1000 more that has been paid in from others, leaving only about \$3800 unpaid for the first day of last June just six months after the pledges were made.

The committee having the campaign in charge feel that such splendid results have been accomplished the first year that some recognition of their response should be made at the close of the first year and on Monday evening, Dec. 1st, the first anniversary of that campaign, they plan, under the auspices of the Brotherhood, to serve one of the best suppers ever placed before mortal man. The Brotherhood class made a pledge of over \$300 to the building fund and the proceeds of this banquet will go to apply on this pledge. The supper will be served at 7 o'clock in the assembly room of the church to be followed with post-prandial speeches. It is the desire of the committee to be able at this gathering to announce that the debt has been reduced below \$3000. Further particulars in regard to this get-together will be announced later.

The Store that Sells Wooltex Coats, Suits, Skirts

An Exhibition of High Grade Furs

FOR ONE WEEK ONLY

Friday, November 14th to Thursday, November 20th

One of the largest New York manufacturers is sending us several thousand dollars worth of Fur Coats and Fur Sets that are just a little better than it would be possible for any store outside of the largest cities to carry in stock. We shall be able to offer these furs at a very small advance on the cost of manufacture as we shall not be obliged to take the risk of carrying them in stock or putting the immense amount of money into them that we would if we made a purchase. If you are not ready to buy, it would pay you well to make a deposit of 10% and have us hold the furs until you are ready to take them. The whole world is depending on the U. S. A. and Canada for their furs and there are not enough to go around so it will be impossible in a short time to get them at any price. Buy what furs you want while you can get them.

Fur Trimmed Plush and Cloth Coats, Plain Long and Short Plush Coats, Plush Trimmed and Plain Cloth Coats—many of them at special prices, as from this time we shall use our more expensive coats to replace the cheaper ones as they are sold out and we have already marked to \$25.00 all coats that have been priced \$27.50, \$29.50, \$32.50.

At \$39.50

A lot of Coats that have been price up to \$45.00 to \$47.50

At \$50.00

A lot of Coats that have been priced up to \$62.50 to \$65.00

At \$69.00

A lot of Coats that have been priced up to \$75.00 to \$85.00

At \$79.00

A lot of Coats that have been priced up to \$100.00

At \$119.00

A lot of Coats that have been priced up to \$150.00

This is not a general markdown sale, but rather the offering of higher grade coats at the lower grade prices instead of buying more of the lower grade coats. Don't wait—lower prices as this cut will take out the best values in a very short time.

Short Plush Coats have proved so popular that the manufacturers have used up all the plush in the country to keep up with their orders. We were lucky enough to get one shipment this week and expect another next week and after that we do not expect to have any more this season. If you want a Short Plush Coat buy it at once.
